

Could you spare a morning or afternoon a week?

Apply now!

**Come and support the new
Worthing Integrated Care
Centre**

**Volunteer with us today and
make a difference to our
patients lives**

Support your NHS and get involved in your local community

Could you spare a morning or afternoon once a week to be a friendly, welcoming face to our patients? We need volunteers to join the welcome team at the new Worthing Integrated Care Centre.

What does it involve?

As a volunteer you'll meet and greet patients, their families and visitors; assist them with navigating the building, and help to create a welcoming and supportive environment. This a key role in ensuring our patients are cared for from the moment they enter the building.

A variety of shifts are available, and you'll be part of a friendly and supportive team.

Why volunteer?

Volunteering is a fantastic opportunity to support your NHS whilst getting involved in your local community. It can help you to build skills, gain experience and increase your understanding of the NHS all whilst knowing you're making a real difference in patient lives.

How do I apply?

If you want to know more or to apply get in touch:
